

Dazzler Microphone Cords

Wireworks Dazzler Microphone Cords add just the right amount of extra light-catching sparkle to a broadcaster's or performer's microphone cable as they feature Wireworks super flexible MusiLUX microphone cable embellished with Neutrik's crystalCON connector. Designed to replace the traditional XLR cord that connects to a hand-held microphone, Dazzler cords present a unique eye-catching element to any presentation or performance with Neutrik's crystalCON, an XLR that is encrusted with genuine Swarovski crystals.

Dazzler Microphone Cords are available with Neutrik's crystalCON on both ends or only on the microphone end with a regular male XLR connector on the other. Wireworks MusiLUX is the ultimate in sonic excellence and is available in black, brown, red, orange, yellow, green, blue, violet, grey and white outer jackets. MusiLUX features a 100% coverage conductive thermoplastic shield that maintains its effectiveness even with repeated flexing. The colored, ultra-flexible satin finish outer jacket can be used to match studio décor or for signal identification. Add Wireworks Bandits®, shrink-tube cable markers custom printed with your company name or logo, as an option.

Neutrik's crystalCON is geared toward users looking for that extra on-stage "sparkle." The crystal XLRs are based on Neutrik's established XX Series connectors and are encrusted with *Swarovski Elements*.

- crystalCON connectors with Swarovski elements
- Available with crystalCON on both ends or only on microphone end

- 1) Part Number
- 2) xx = Color-Cable-Code*

‡ Wireworks Bandits® are custom printed shrink tubing labels that are installed when the cable is being manufactured. Bandits® are available in Black, Red, Blue, Orange, Yellow, Green and White which can be used for identification or length designation. Custom printing can be your company name, or other personalized information. Logos can also be printed depending on size and complexity. Simply ask your sales representative about Bandits® when ordering Wireworks Products.
